Report of Independent Registered Public Accounting Firm

Board of Directors
First Command Financial Planning, Inc.

We have audited the accompanying statement of financial condition of First Command Financial Planning, Inc. (the Company) as of September 30, 2017, and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Command Financial Planning, Inc. as of September 30, 2017, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The supplemental information on pages 13 through 14 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the entity's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the accompanying supplemental information. In forming our opinion on the supplemental information, we evaluated whether the accompanying supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental information on pages 13 through 14 is fairly stated, in all material respects, in relation to the financial statements as a whole.

**FIRST COMMAND FINANCIAL PLANNING, INC.
NOTES TO FINANCIAL STATEMENTS**

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

First Command Financial Planning, Inc. (the Company or FCFP), a wholly owned subsidiary of First Command Financial Services, Inc. (FCFS), was chartered in Texas in 1958, and is engaged in the sale of mutual funds and other variable investments to middle income American families with a concentration to United States military personnel. The Company is a licensed, fully-disclosed broker/dealer registered with the Securities Exchange Commission (SEC) and the Financial Industry Regulatory Agency (FINRA). The corporate office is located in Fort Worth, Texas.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The allocation of operating expenses from the parent company is a significant estimate. Actual results could differ from those estimates.

Recognition of Revenue

Commission revenue on sales of mutual fund investments, variable annuities and variable universal life insurance by the Company's sales advisors is recognized when earned from the mutual fund, annuity, and life insurance companies. Commissions are paid to the Company, usually monthly, as they are earned on investments made, and premiums paid by the individual investors and policy holders.

Account service fee income includes revenue sharing payments received from mutual fund companies and sub-transfer agency fees. Account service fee income is recognized at the time the services are provided, which is generally when fees are received.

Advisor service fee income represents monthly fees paid by the Company's sales advisors for systems access, compliance, marketing, and other similar services. Advisor service fee income is recognized as earned at the time the services are provided.

Advisor Advanced Commissions

From October 2015 through April 2017, the Company advanced approximately 66 months of commissions to advisors for certain mutual fund sales. The amount advanced is treated as a prepaid expense (an asset) and amortized to commission expense as commission revenue is earned on future client investment payments over the 66 months. If the account cancels or periodic investments cease during the 66 months, the unamortized amount advanced is recorded as a receivable from the advisor.

NOTES TO FINANCIAL STATEMENTS**

**NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES –

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents include demand deposits and a money market account. Carrying value approximates fair value.

Marketable Securities

Marketable securities, the majority of which are fixed maturity debt securities, are classified as trading and recorded at fair value. Changes in fair value of these marketable securities (both realized and unrealized) are recorded in the statement of operations. Realized gains and losses are included in operations and are determined by using a specific identification basis.

Commissions and Fees Receivable

Commissions receivable represents \$4,969,337 due from mutual fund companies and insurance companies for the sale and servicing of investment products by the Company's sales advisors. The fees receivable represent the accrual of \$125,093 of fees for assets under the Company's management and are collected on a quarterly basis. Based on historical collections, no allowance is deemed necessary.

Accounts Receivable, Prepaid Expenses and Other

Accounts receivable represents \$1,445,014 of fees receivable from investors' individual retirement custodial accounts. Based on historical collections, no allowance is deemed necessary.

Property, Equipment, and Software

Property, equipment, and software are carried at cost less accumulated depreciation and amortization. Depreciation and amortization are computed using the straight-line method over the following estimated useful lives:

	<u>Estimated Lives</u>
Property and equipment	3 to 10 years
Software	5 years

Expenditures for maintenance, repairs, and minor renewals are charged to operations as incurred.

Advertising

The Company expenses advertising cost as incurred. Advertising expense was \$199,318 in 2017.

Income Taxes

Since December 1, 1998, the Company has been a Subchapter S corporation for federal income tax purposes. A Subchapter S corporation generally pays no federal income taxes, and its taxable income, if any, is taxed at the stockholder level. FCFS files a consolidated tax return that includes FCFP. Any tax positions are taken at the consolidated level.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of temporary cash investments, commissions receivable, other receivables, and marketable securities. The Company places its temporary cash investments and marketable securities with financial institutions and investment companies. Therefore, the majority of these funds are not insured by the Federal Deposit Insurance Corporation. Concentrations of credit risk with respect to commissions receivable are limited due to the number of investment companies comprising the Company's supplier base.

Recent Accounting Pronouncements

Revenue Recognition – The FASB has issued new guidance regarding the recognition of revenue. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects in exchange for those goods or services. Management will continue to evaluate the new rule but does not expect it to have a material impact on the accounting of the Company's revenue. The guidance also includes extensive disclosure requirements for revenue recognition. The new rule will be effective in fiscal year 2019.

Subsequent Events

The Company evaluated for recognition or disclosure, all events or transactions that occurred after September 30, 2017, through November 27, 2017, the date these financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RELATED PARTY TRANSACTIONS

The Company shares office facilities, employees, and personnel costs with its parent company, FCFS. The Company and its parent also share other operating expenses. FCFS allocates costs to the Company that are clearly applicable to the operations of FCFP. A reasonable allocation method is used to allocate common expenses, or those costs not clearly applicable to any one legal entity, based on the number of new and existing client accounts opened from FCFS, FCFP, or both. The allocation included advisor expenses, rent, equipment usage, general and administrative expenses, advisor service fee income and other income. During the year ended September 30, 2017, FCFS allocated net expenses of \$27,347,316 to FCFP.

The Company provides services to First Command Advisory Services, Inc. (FCAS) for all necessary brokerage back office operations of its asset management operations. FCFP manages the relationships with the clearing broker dealer and various fund companies for the asset management operations. In fiscal year 2017, FCFP recorded service fee income from FCAS and First Command Europe Limited (FCEL) of \$14,291,676.

As of September 30, 2017, \$709,219 was due to FCFS for allocated expenses. This amount is reflected in the accompanying statement of financial condition as accounts payable, parent company. As of September 30, 2017, \$347,023 was due to an affiliate, First Command Bank (FCB); and \$7,332 was due to an affiliate, FCEL. These amounts are reflected as accounts payable, affiliates, in the accompanying statement of financial condition. As of September 30, 2017, \$12,938 was due from an affiliate, FCB; \$118,358 was due from an affiliate, FCAS; and \$39,106 was due from an affiliate, First Command Insurance Services, Inc. These amounts are reflected in the accompanying statement of financial condition as accounts receivable, affiliates. All intercompany balances are due on demand and are settled periodically by the payment of cash between the companies.

At September 30, 2017, FCFP had cash balances held at FCB of \$528,616.

NOTE 3. MARKETABLE SECURITIES

The aggregate cost and fair value of FCFP's marketable securities at September 30, 2017, are as follows:

Marketable securities, at cost	\$ 2,005,514
Unrealized losses, net	<u>(2,126)</u>
Marketable securities, at fair value	<u><u>\$ 2,003,388</u></u>

Unrealized losses on marketable securities were \$6,617 for the year ended September 30, 2017.

FIRST COMMAND FINANCIAL PLANNING, INC.

NOTE 3. MARKETABLE SECURITIES - CONTINUED

Fair Value Measurements

FASB requires disclosure of fair value information about financial instruments, whether or not recognized on the balance sheet, for which it is practicable to estimate that value. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. FASB excludes certain financial instruments and all nonfinancial instruments from its disclosure requirements. This disclosure does not and is not intended to represent the fair value of the Company.

The Company measures the fair value of its financial assets in accordance with the hierarchy established by GAAP, which consists of three levels to indicate the quality of the fair value measurements as described below:

Level 1

Fair values are based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2

Fair values are based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that can otherwise be corroborated by observable market data.

Level 3

Fair values are based on inputs that are considered unobservable where there is little, if any, market activity for the asset or liability as of the measurement date. In this circumstance, the Company has to rely on values derived by independent brokers or internally-developed assumptions. Unobservable inputs are developed based on the best information available to the Company which may include the Company's own data or bid and ask prices in the dealer market.

**FIRST COMMAND FINANCIAL PLANNING, INC.
NOTES TO FINANCIAL STATEMENTS**

NOTE 3. MARKETABLE SECURITIES - CONTINUED

The Company's marketable securities consist of investments in United States government sponsored agency securities and are classified as a trading portfolio. Management determines the fair values of these securities after consideration of data provided by third-party pricing services. The prices provided by third-party pricing services are based on observable market data inputs which can vary by security type. Such inputs include benchmark yields, available trades, broker/dealer quotes, issuer spreads, benchmark securities, bids, offers, and other market data. Where possible, these prices were corroborated against other independent sources. The Company has classified these securities as Level 2.

The classification of these securities as Level 2 is consistent with the fair value methods used in the prior year.

The following table represents assets measured at fair value on a recurring basis:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Marketable securities	<u>\$ -</u>	<u>\$ 2,003,388</u>	<u>\$ -</u>	<u>\$ 2,003,388</u>

NOTE 4. COMMON STOCK

At September 30, 2017, the common stock of the Company is as follows:

	<u>Voting Class A</u>	<u>Non-voting Class B</u>
Par value per share	\$ 0.02	\$ 0.02
Number of shares authorized	750,000	750,000

NOTE 5. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At September 30, 2017, the Company had net capital of \$5,231,684 which was \$4,928,093 in excess of its required net capital of \$303,591. The Company's aggregate indebtedness to net capital ratio was .87 to 1.

NOTE 6. COMMITMENTS AND CONTINGENCIES

The Company is not currently involved in or aware of any litigation that it believes could have a material adverse effect on its financial condition or results of operations.

Report of Independent Registered Public Accounting Firm

Board of Directors
First Command Financial Planning, Inc.

We have reviewed management's statements, included in the accompanying First Command Financial Planning's Exemption Report, in which (1) First Command Financial Planning, Inc. (the Company) identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(i) and (k)(2)(ii) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the year ended September 30, 2017 except as described in its exemption report. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) and (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

The following exceptions relate to client checks received in a branch that were mailed to the corporate office instead of the Company's bank for processing:

	<u>k2i</u>	<u>k2ii</u>	<u>Total</u>
Exceptions	<u>15</u>	<u>137</u>	<u>152</u>

First Command Financial Planning, Inc.

I, Michael F. Morrison, swear (or affirm) that, to my best knowledge and belief, this Exemption Report is true and correct for the fiscal year ended September 30, 2017.
